California has 61 companies on the *InformationWeek* 500, and **New York** (51) is close behind. But innovators are everywhere. **Texas** (39), **Illinois** (33), and **Pennsylvania** (32) come next. **Ohio** (25), **Georgia** (21), **New Jersey** (21), and **North Carolina** (17) are nipping at their heels. And **Michigan** (16) and **Missouri** (16) tie for tenth place.

**BIG PICTURE** There's so much more to find out about the *InformationWeek* 500 that just won't fit in our pages. The full Analytics Report is free for a limited time at: [informationweek.com/1202/analytic.htm](http://informationweek.com/1202/analytic.htm)
